

# Graham Builders

Years in Business: 34 • License #BC-16446

**GRAHAM BUILDERS IS A TRUSTED DESIGN-BUILD FIRM BASED IN HAWAII**, specializing in custom homes and renovations. Established in 1990, the company offers a comprehensive, client-centered approach, handling everything from initial design through construction. Known for high-quality craftsmanship and transparency, Graham Builders prioritizes sustainable building practices and long-lasting client relationships.

## Notable Project:

This Manoa home, a new build by Graham Builders, has earned praise from owners and neighbors for its design and charm. The design preserves Manoa's vintage local character and was added to the Manoa Historic Walk, highlighting its integration with the neighborhood's historic aesthetic.

## Top Three Design Tips:

1. Identify your budget and where you want to invest. As a design-build firm, Graham Builders designs to your budget, keeping projects within range.
2. Hire a CAPS (certified aging-in-place specialist) professional who can help address residents' comfort and safety needs without sacrificing design.
3. Prioritize needs and wants. Preparation is key — create a list of non-negotiables to guide a successful build or remodel.
